

A Simple Web Based Time Clock Device

Setup is easy, just connect to your network using either the Ethernet or Wi-Fi connection, then begin registering their badge numbers & they are now ready to clock in and out. Simple-to-understand written instructions included; live phone assistance always available at no charge.

With a NEW reader shipping is included at no charge within the continental US. Please allow 7-14 business days for delivery when placing an order.

There is a 1 year warranty on all readers from the date of purchase, against manufacturer's defects. Shift2Work offers free technical support to help troubleshoot the issue to determine whether repair or replacement of the malfunctioning reader is required.
